**PETER HALLEY**

PARIS DEBELLEYME

02 Tuesday - 10 Saturday

---

At the Galerie Thaddaeus Ropac Peter Halley will exhibit a selection of his most recent paintings, which were executed especially for our exhibition, thus have not been publicly shown yet. Among these are ten large scale paintings and a series of smaller works.

The exhibition represents not only the exposure of the newest works of Peter Halley in France, but also a continuation of a series of exhibitions of the American artist's work at the Galerie Thaddaeus Ropac.
